people together

Skid Car 4X4 Go Karts Quad Bikes Laser Clays Archery Ready Steady Cook Wine Tasting Team Quiz Giant Scalextric Spotter Chasm Exhaust Rebuild World Class Business

D&S Events has delivered teambuild events for many years and as such has many different activities from which to choose.

All D&S Events activities operate on Challenge by Choice basis; this emphasises that all participation is the individual's choice. Therefore, no one will be "persuaded" to take part if they do not wish to and whatever the situation; 'inactive' delegates are able to support other team members should this be the case.

With a base at Donington Park we can tailor our range of motoring activities to work as team build activities and these activities range from skid car to 4x4 off road and go karts to quad bikes; we can also supply a range of country pursuits from laser clays to archery.

We have also developed our own range of activities that are fully transportable to any venue, with names like Spotter, Giant, Chasm, Exhaust rebuild, Team Quiz, Giant Scalextric, Paint a Picture and many more.

For something a little different we can also arrange wine tasting, chocolate tasting, ready steady cook and a unique half day experience called 'World Class Business simulation'.

Our range of conference and meeting rooms can be utilised either before or after to conduct your own internal team/sales meeting.

Full catering can obviously be supplied and we will happily arrange accommodation if needed.

people together

Just a note to express our thanks for a great Team Building event yesterday. Every one of us thoroughly enjoyed the day and it was very beneficial for both team building and morale boosting. It was a most successful event - thanks again.

Jayne Walker, Defence Estates
