Cars Mini Coopers MPV Landrovers Sardinia Minibuses Classic Cars Treasure Hunting Umbria Navigation Club London Team Building World Class Business Transport

D&S Events has delivered treasure hunts in Nottingham and London, the Umbrian mountains in Italy and the island of Sardinia, to numbers between 6 and 600. Our clients have used the event for a variety of reasons from launching a new product, for team building, to enhance a conference or meeting and as a reward for a sales incentive scheme.

Our city centre treasure hunts take place on foot but can also utilise public transport with tube, tram, bus and even water taxi.

Motoring events are extremely popular and have utilised Mini Coopers, Landrovers, Classic Cars, Supercars, MPV's and even Minibuses.

All treasure hunts are bespoke and designed to a client's brief. All we need is a start and finish point, the duration, delegate numbers and an idea of budget and our creative team will come up with a tailor made quote.

If you do not have a venue we will happily source this for you and we can also recommend restaurants and bars for either lunch or dinner and the all important prize giving.

Whatever the style of treasure hunt, each team will be given a treasure hunt pack that contains a camera, clues, directions, clipboards and pens, maps and everything else required.

As well as solving navigational clues, answering the questions and taking photos, additional team build style tasks can be added as required.

I just wanted to drop you a line to say a huge "Thank you" for organising our Car Treasure Hunt of yesterday. The whole office enjoyed themselves and that is a first for a very long time!!! We all had a really enjoyable day, and the photos are proudly displayed on our notice board.
